TO WHOM IT MAY CONCERN:

RE: Letter of support for the Renewal Centre

As Mayor of the Borough of East York I have had the privilege of meeting and supporting the men and women who run the Oasis Addiction Research Society. In particular, I have got to know Mr. Takis Liris who is the Director of the Oasis Centre located on Danforth Avenue which is just south of our Borough boundary. Mr. Liris has worked cooperatively with our East York staff to produce a program which appears to be meeting the needs of growing numbers of alcohol and drug addicted people in our community.

In fact the Oasis Centre has worked cooperatively with our own Board of Health to deliver ongoing programs in East York and to warn young people of the hazards of drug and alcohol abuse.

So it is with some pride and a great deal of confidence that I recommend the establishment of the Renewal Centre. It shows great promise in providing out-patient treatment for alcoholism and drug addiction. We are sure that this facility will prove to be an invaluable resource to our community, to those who seek treatment and to the families of those who are helped.

We wish the Renewal Centre Board of Directors every success in the future.

Yours truly,

MICHAEL D. PRUE,
Mayor.

We'll make you our business!
